Can relationships be configured to allow the secondary user the ability to pay fines, renew, and checkout?

Last updated: Wed, 08 Sep 2021 15:33:19 GMT

Applies to

• OPAC

Answer

With customer relationships, an authorized person can renew items or pay fines for others without having to log into the account. Relationships can be established in the Web Catalog > My Account or can be done with a staff person in the client.
