How long do items stay in a "missing" status before they are discarded or moved to the back catalog?

Last updated: Wed, 08 Sep 2021 17:30:42 GMT

 Applies to

- Staff client

Answer

Items are not moved to the back catalog, only titles are. The status of items can be changed from Missing to Discarded, but there is no automatic processing for this. The status must be manually changed and can be done using Batch Changes.
